

Runaway

Jay Sean

(Run, run, run, run)
Just wanna run away
(Run, run)
Just wanna run
(Run, run, run) Babe, give me a little space to breathe
Can't you see you're smotherin' me?
You're like a leopard in a tree
You're watchin' me, you're stalkin' me Fear is a plague growin' through your veins
Don't you infect me and make me feel the same
I'm gonna numb from all the change
Release me, release me, release me
Just release me
Hold on, these walls are closin' in on me
I'm claustrophobic
(Hold on)
It's only insecurities girl, and you know it
(Hold on)
I need to tell you that girl you're just so
(Hold on, hold on) Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run Sometimes I just wanna run away
(Run, run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run
Babe, can I have just one day in peace?
Your constant naggin' is killin' me
You're like a record on repeat Your paranoia makes me I'll
It's a disease that slowly kills
Been here before but you do it still
Release me, release me
Just release me, just release me Hold on, these walls are closin' in on me
I'm claustrophobic
(Hold on)
It's only insecurities girl, and you know it
(Hold on)
I need to tell you that girl, you're just so
(Hold on, hold on) Sometimes I just wanna run away

(Run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run Sometimes I just wanna run away
(Run, run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run Sometimes I just wanna run away
(Run, run, run)
Sometimes I, I just wanna run
Sometimes I just wanna run away
(Run, run)
Sometimes I, I just wanna run Baby, hold on
These walls are closin' in on me
I'm claustrophobic
(Hold on)
It's only insecurities girl, and you know it
(Hold on) I need to tell you that girl, you're just so
(Hold on)
Girl you're just so
(Hold on)
Girl you're just so
(Hold on) Run, run
(Hold on)
Run, run
(Hold on)
Run, run (Hold on)
Run, run, run
(Hold on)
Run, run, run
