

Tie Me Down

[Taylor Ray Holbrook](#)

We turned one night into two
It wasn't my intention but you've got my attention
With everything you do now I know I can't get you out of my mind
So I hold it inside I knew that it was coming but I didn't see it coming
now little did I know you had the finger I'd be wrapped around one look
at you I saw everything I'd ever need and you don't know what you do
to me I'm down to give it all up if you're up to tie me down if you're up to
tie me down We turned two worlds into one
Everything we said we do been said and done
My oh my I can't get you out of my mind so why would I even try I knew
that it was coming but I didn't see it coming now little did I know you
had the finger I'd be wrapped around. One look at you I saw everything
I'd ever need and you don't know what you do to me I'm down to give it all up if you're up to tie
me down if you're up to tie me down
I knew it was coming but didn't see it coming
Now little did I know you had the finger I'd be wrapped around
One look at you I saw everything I'd ever need
Baby you don't know what you do to me
I'm down to give it all up oh I'm down to give it all up oh I'm down to
give it all up if you're up to tie me down if you're up to tie me down
You won't see it coming but one day you'll turn around I'll put a ring on
the finger I've been wrapped around
