

# Drink On It

Blake Shelton

Hey girl, hey where ya goin'?

Come back and sit back down  
You look too good to be heading home so early now  
You say you gotta work tomorrow  
Got a lot on your mind  
Let me buy another round  
Girl I think you and I should just  
Drink on it  
Put our heads together and think on it  
Maybe later on we can sleep on it  
But for right now  
Girl we just need to drink on it  
We can talk rocket science  
Jesus or politics  
How your boyfriend cheated on you  
Man he sounds like such a prick  
I could use another whiskey  
And your Cosmo's gettin' low  
While we're trying to figure out  
The next place we should go  
We can drink on it  
Put our heads together and think on it  
Maybe later on we can sleep on it  
But for right now  
Girl we just need to drink on it  
This place is closing down  
But I don't wanna quit  
Gotta good thing going  
girl  
Let's find out what it is  
And drink on it  
Your place or mine  
Girl we can drink on it  
Dust off a bottle and drink on it  
Feels like we're doin' something right  
Let's find a corner of the night  
Where you and I can just drink on it  
Put our heads together and think on it  
Maybe later on we can sleep on it  
But for right now  
Girl we just need to drink on it  
Might make a memory that we won't forget  
So let's just drink on it  
Yeah  
Mmmm  
Drink on it  
Sleep on it  
We can just drink on it
