

# Love, Love, Love

## Ruben Studdard

Love, love, love  
Why'd you take so long to come to me?  
Ah baby And love, love and love  
Tell me where you're hiding from me  
All the time Each time I try to find someone to take your place  
It was all in vain  
And all their lips were never quite the same  
No, baby While I was kissing someone new  
Didn't thought I was missing you Oh, baby  
You make me fall in love with you  
And I don't know just what...  
I'm gonna do  
Oh honey  
I looked up at your empty space  
All I saw was your sweet face  
All I saw was your sweet face yea  
Yea yea Love your love  
Can't imagine what you do to me  
No, baby  
No, no Love, love your love  
Every time you smile it goes through me  
All the time  
Day by day I'm falling oh in love with you  
And that's no lie  
Cross my heart and honey I'd hope to die  
No, baby  
Cause I'm right by you too if you need me  
Even though I really need you Oh, baby  
You make me fall in love with you  
And I don't know just what...  
I'm gonna do Oh honey  
I looked up at your empty space  
All I saw was your sweet face Honey  
You make me fall in love with you  
And I don't know just what...  
I'm gonna do Oh honey  
I looked up at your empty space  
All I saw was your sweet face I looked up at your empty space  
All I saw was your sweet face  
Your sweet face yea  
Nobody else compares to my love, no  
Your sweet face

Baby, you're my kind of love  
You are my love
