

Niton (The Reason) [Pryda 82 Remix]

[Eric Prydz](#)

Genre/Lang. : Dance

You are the reason why
Years fly by, and I don't find
The strength I need to grow
I know, I know Enemies, they stand in line
I'm on my knees, and I can't find
The words I to let you know
I know, I know, I know
You are the reason why
Years fly by, and I don't find
The strength I need to grow
I know, I know Enemies, they stand in line
I'm on my knees, and I can't find
The words I to let you know
I know, I know, I know
You are the reason why
You are the reason why
You are the reason why
You are the reason why
You are the reason why
You are the reason why
You are the reason why
You are the reason why
