

You've Ruined Me (Live At the Living Room)

[Norah Jones](#)

You've ruined me now
But I liked it
But I'm ruined
Do you have a plan
'Cause I'm in your hands You've ruined me now
Though I liked it
Now, I'm ruined
I had no choice
When I heard your voice I know you said
"Can't be misled"
Now I'm the one
Whose face is red
You've ruined me now
Though I liked it
Now, I'm ruined your chocolate eyes
Like buttons of lies You've ruined me now
Though I liked it
Now, I'm ruined
I'm trying to part
With what's in my heart You've ruined me and how
I thought I liked it
But I'm ruined
My whole world's now
Turned upside down I heard me say,
"I'm going away"
But now I write
You everyday
You heard me say
"I'm going away"
But I'm on the floor
Outside your door You've ruined me now
You've ruined me now You've ruined me now
But I liked it
But I'm ruined
Do you have a plan
'Cause I'm in your hands
