

# Fade Away (Instrumental)

## Approaching Nirvana

Open your eyes  
Open your eyes  
Open your eyes  
Open your eyes and feel the sound...Time turns to darkness  
We'll all fade away.Time turns to darkness  
We'll all fade away.  
No one can find out  
What remains.We'll all fade away.Open your eyes and see the crowd.  
Open your eyes and feel the sound.  
But know the future holds no trace of yesterday.  
It can't erase today and take our night away.  
Open your eyes and see the crowd.  
Open your eyes and feel the sound.  
But know the future holds no trace of yesterday.  
It can't erase today and take our night away.
