

# Feelin' Good

Levon Helm

(J. B. Lenoir) Feelin' good, feelin' good  
All the money in the world spent on feelin' good  
A wino met me in the street  
He said, a^? Help me find some Sneakin' Pete  
Help me brother, I wish you would  
I feel so bad and I wanna feel gooda^? Feelin' good, feelin' good  
All the money in the world spent on feelin' good  
Riding around with friends  
Cadillac and everything  
All the fine dreams  
Lemonade and everything  
Feelin' good, feelin' good  
All the money in the world spent on feelin' good  
Feelin' good, feelin' good  
All the money in the world spent on feelin' good  
You know all your fine things  
A big Cadillac and everything  
They're making diamond rings  
The expenses are all a dream  
Feelin' good, feelin' good  
All the money in the world spent on feelin' good  
Feelin' good, feelin' good  
All the money in the world spent on feelin' good
