

# See the Lights

## Simple Minds

Summer's gone winter's in your eyes  
I can feel the thunder storms inside  
I wake every morning and the cold winds cover me  
All I've got's a ghost of what could be  
If you can see the lights shine in front of me  
If you can see the lights shout out where you'll be  
I'm in a broken dream I stare out into space  
You know I called you up cos nothing takes your place  
I've got a heart of stone and it's sinking deep inside  
I want to tell you love I'm too proud to cry  
If you can see the lights shine in front of me  
If you can see the lights shout out where you'll be  
Summer's gone and I can't tell you lies  
Oh forgive me love I'm too proud to cry  
If you can see the lights shine in front of me  
If you can see the lights shout out where you'll be  
Summer's gone and I can't tell you lies  
Forgive me love I'm too proud to cry  
Too proud to cry Too proud to cry Too proud to cry
