

Tellem My Name

Dizzy Wright

Yeah, mic check
One two, one two
Now what's my motherfuckin name? D, I, Z, Z, Y, Wriiiight!
D, I, Z, Z, Y (tellem my name), That's Wriiiight!
D, I, Z, Z, Y, Wriiiight!
D, I, Z, Z, Y (yo tellem my name), That's Wriiiight! D, I, Z, Z, Y, Wriiiight!
D, I, Z, Z, Y (tellem my name), That's Wriiiight!
D, I, Z, Z, Y, Wriiiight!
D, I, Z, Z, Y, That's Wriiiight!
Yo guess who's in your Dre Beats walking down these vague streets
Mister D I double Z Y (Y)
If you motherfuckers hate me can relate to nothing that I be singing it's a chance that you
should've been alive (alive)
I'm moving I don't need a whip
Laughing on my four agreement ship
Getting knowledge you can keep the tip
He treat like his loose chains
He hit the ground he leave it there cuz he don't won't to look lame (what a shame)
I don't even go trip I keep it a hunderd
Niggas rather be hooked on vonics and graduate, that shit aggravates
Nigga go give your momma a happy day
Don't throw your life away to sit at home and masturbate (weirdo)
Hmm the true speaker, cooler then your new sneakers, the real think of that my crew deeper
I got this visionary plans
Throw it on nigga silent like a military man
Then I'm feeling like the man
What's my name?
D, I, Z, Z, Y, Wriiiight!
D, I, Z, Z, Y, That's Wriiiight! Uh, if i ain't the hottest in the game
Then who's life I gotta take? (take)
He trapped into a phone booth, with a rifle to his face
I'm sick of the lies so I write down a license plate
Pull up to the crib with a CD, just to break it in his face
What you mean I ain't taking over
I seen the war sometimes decline, but shit we made it over
This new history
Give what they give to me
Independent is the new industry
You better get with it nigga
Now I got this shit that ain't replacing
Try them kush
Got a nigga look half asian

Call these the chinky eyes
Tatted artist are them, so mothefuckin gravity flies
Sweetiepie you can get this dick if you just need a guide
Deceiving has a reason amount
Every season giving you strength for you to believe in yourself
Well a common topic you can keep to yourself
But they can't I created a lane for a little change
What's my name?
