

Money on Me (feat. Anderson .Paak)

Snakehips

But baby it's the rooftop
Anything you want, it's yours
Swear to God I'll get t all
Put the money on me
I know you're in the LV
Magic city or the steam boat
Moving up to Mississippi
But let me hold a couple scene?? know a couple host skill, any key
Put the money on me
I know you ain't a recycle
Never ever seen your own peek
Never pushed it to the limit
Let me show you what to do
With all that, I ain't tryina squeeze you
Put the money on me
I woke on the road one day
Came up on the good one
I'm working on a good one
Working on a good one, a good one
Put the money on me
Smoking on a good one
Looking at the good one
Came up on the good one
Put it on a good one, good one
Put the money on me
Double up and bubble over
Stand looking over my shoulder
I should probably take you slow,
Kiss it, I'ma roll it over
And over, and over
Put the money on me
Pop it when we need coal
Mama need a makeover
Dollars seen the bankroll
I can take you places you don't know
But I can't do it till you
Put the money on me
Cold, we need a new season
Miley need a hundred??
My jail had a fucking leak in it,
I'ma have to call even, Jesus
At least put the money on me

I woke on the road one day
Came up on the good one
I'm working on a good one
Working on a good one, a good one
Put the money on me
Smoking on a good one
Looking at the good one
Came up on the good one
Put it on a good one, good one
Put the money on me
Living in this foreign???
I gotta be
Putting it all on the line
You've got me out of this
(Just don't let me go
Just don't let me go
Said, just don't let go
Said, just don't let go
Said, just don't let go
Don't let it go
Said, just don't let go
Said, just don't let go
Said, just don't let go)
