Deliverance

A man's life, a boot camp
Preparing him for the grave
There is nothing more to living
Or so I thought I heard them say
Existence carnal, I am but a man
Drifting in a soul filled ocean
Fallibility, a probability
Humanness takes it's toll on me
(WRITE YOUR WORD - ON MY HEART)
Time after time, we make the same
Line after line, when will we learn
A cosmic commotion
Psychic friends on TV
Call, inquire about your future
Falsified guarantee
Man's deception
Satan's deceit in a world
Full of washed convictions
An emptiness in the mind of
The viewer of the screen
To believe in such idiocy
To live and learn the nature of man
No one escapes this lesson
Father please forgive me for
I know well what I do
Just surround me with your love
And help me LEARN
