

# Apollo (Barely Alive Remix)

## Astronaut

Sunlight is not enough  
We could burn like a flame through the atmosphere  
Yeah

Starlight, it's calling us  
Leave the ghosts of our past in the stratosphere  
Oh yeah yeah,  
It's calling us It's calling us It's calling us It's calling us

Sunlight is not enough  
We could burn like a flame through the atmosphere  
Yeah

Starlight, it's calling us  
Leave the ghosts of our past in the stratosphere  
Oh yeah yeah
