

Get up and Dance (feat. Achi)

Antonia

When I see the way you dance.
I'm praying for a chance.
To get to know you, you, you.
I'm falling in love with you, you.
Please don't give me on hold.
Your love precious like gold. ... is true, true, true.
Boy I fell in love with you, you, you.(get up and dance) I know you really wanna party.
Cause girl you're looking naughty.
Gotta give me a chance.
Gotta get up and dance.
I know you really wanna party.
Cause girl you're looking naughty.
When I look into your eyes.
I see why the other guys.
Do the things you do too.
They all wanna be like you.
I can see you from a mile.
You never go out of style.
And what they say it's true, true, true.
I fell in love with you, you, you.
I know you really wanna party.
Cause girl you're looking naughty.
Gotta give me a chance.
Gotta get up and dance.
I know you really wanna party.
Cause girl you're looking naughty.
You make me feel alright.
And love rushes through my body.
Not gonna give you up, I'm gonna keep this up all night.
I think I'm getting close.
There's no way to let you go.
Not gonna give you up, I'm gonna keep this up all night.
I know you really wanna party.
Cause girl you're looking naughty.
Gotta give me a chance.
Gotta get up and dance.
I know you really wanna party.
Cause girl you're looking naughty.
