

Good Vibes (feat. Camden Cox) [Extended]

Basada

Don't listen if they say you're out of place
Don't pay if they try to make you few mistake
There's always gonna be another way
We're all just starting spinning rock in space
Nothing myself tonight
Leaving the day behind
I broke but I don't mind
It's alright
Walking at nine to five
I finally got one last
So I hate to waste anytime
I'm all 'bout the good vibes So I hate to waste anytime
I'm all 'bout the good vibes
Ooh la la la
I'm all 'bout the good vibes
Ooh la la la
So I hate to waste anytime
I'm all 'bout the good vibes
Ooh la la la
La la la Oh, singing is just talking and hear
And dancing is just welcome to be
Yeah you should let the music set you free
If you want good times and good vibes
You can calling me Nothing myself tonight
Leaving the day behind
I broke but I don't mind
It's alright
Walking at nine to five
I finally got one last
So I hate to waste anytime
I'm all 'bout the good vibes
Ooh la la la
I'm all 'bout the good vibes
Ooh la la la
So I hate to waste anytime
I'm all 'bout the good vibes
Hate to waste anytime-time
I'm all 'bout the good vibes
Hate to waste anytime-time
I'm all 'bout the good vibes
Hate to waste anytime-time
I'm all about the good vibes

I hate to waste anytime
I'm all 'bout the good vibesthe Good Vibes
