Shakin' Hands with the Holy Ghost

Blackberry Smoke

Slit the night wide open

I ain't got nowhere to go

Yeah my baby's howlin' at me

Yeah she tearing up the floorWe got the Tennessee champainge

Feelin' moonshine fine

And my Johnson city baby

Yeah she helps me draw the linAs the crow flies baby

Gonna get me up on time

Gonna light me up, like the 4th of JulyEverybody knows, baby take it slow

Feel just like I'm singing With the heavenly host

Everybody said, everybody knows

Just like shaking hands With the Holy Ghost

She got the things that I need

Keeps me coming back for more

I ain't ever gonna break away

Got a hook in me for sureAs the crow flies baby

Gonna get me up on time

Gonna light me up yeah Like the 4th of JulyEverybody knows, baby take it slow

Feel just like I'm singing

With the heavenly host

Everybody said, everybody knows

Just like shaking hands

With the Holy Ghost

Alright, mhmmm yeah

Everybody knows, baby take it slow

Feel just like I'm singing

With the heavenly host

Everybody said, everybody knows

Just like shaking hands

With the Holy GhostEverybody knows, baby take it slow

Feel just like I'm singing

With the heavenly host

Everybody said, everybody knows

Just like shaking hands

With the Holy Ghost
