

Rum

Brothers Osborne

Starin' at the prettiest part of this powder keg world
Sittin' with the finest example of a beautiful girl
If we hadn't hit the brakes, we'd have no idea
Paradise was hidin' right hereDippin' our toes in the water
I don't care if it gets any hotter
It's you and me rememberin' how to have fun
Let's put our hearts together
Two parts love and a pinch of good weather
And top it all off with the sun
And mix it with rum, mmm, mmm, mm, mm
We came out here to do a whole lotta nothin'
And we're doin' pretty good I think
The only one thing we need to worry about
Is fillin' up when the ice cubes clinkDippin' our toes in the water
I don't care if it gets any hotter
It's you and me rememberin' how to have fun
Let's put our hearts together
Two parts love and a pinch of good weather
And top it all off with the sun
And mix it with rum, mm, mm, mm, mm
Mix it with rum, mm, mm, mm, mmThe lucky folks go to the ocean
The lake's for the landlocked ones
We got a tarp in a truck bed
A kiddie pool, a slip and sleds
Let that garden hose run
Dippin' our toes in the water
I don't care if it gets any hotter
It's you and me rememberin' how to have fun
Let's put our hearts together
Two parts love and a pinch of good weather
And top it all off with the sun
And mix it with rum, mmm, mmm, mm, mmAnd mix it with rum, mmmm, mmmm, mm, mm
And mix it with rum, mmmm, mmmm, mm, mm
