

# No More (feat. Ro Ransom)

## BLAISE

(Chorus)

I don't even sleep no more  
I don't get geek no more  
I be up early, early  
Ain't shit no more I don't even peak no more  
I think I need more  
She used to say that she love me  
We don't even speak no more (Verse 1)  
I used to pop me a thirty  
Cause I don't want to feel no more  
I used to mix up the dirty  
But I dont do dirt no more  
Now all i see is the fifty and hundreds  
Is messy all over my floor  
And (?) coat of Dior  
Hoe let me show you the door  
You said i wouldn't be shit  
Now I'm shitting on you worse then before Now my seats on the floor  
Need a hit, press record  
Now my truck not a foreign  
That's some shit you can't afford  
My day ones brought me on tour  
Now we buying out the store Got so much coming in  
We be running out of places to store it  
Put my life on a story  
Now they say it's historic  
I don't even sleep no more  
I don't get geek no more  
(Chorus x2)  
I don't even sleep no more  
I don't get geek no more  
I be up early, early  
Ain't shit sweet no more I don't even peak no more  
I think I need one more  
She used to say that she love me  
We don't even speak no more (Verse 2)  
We used to kick in the door  
Now we don't got to do that shit no more  
That got me feeling important  
Fuck my old life, that shit was boring RAF Simons for the kicks  
Fuck outta here with them retro Jordan's  
Used to be metro boarding

Now you hear the engine roaring(Bridge x2)  
Yeah you know that story  
Now that she see it, I'm scoring  
She wanna fuck 'til the morning  
Said "let's go, I'm for it"(Chorus x2)  
I don't even sleep no more  
I don't get geek no more  
I be up early, early  
Ain't shit sweet no moreI don't even peak no more  
I think I need one more  
She used to say that she love me  
We don't even speak no more(Outtro)  
We don't even speak no more  
We don't even speak no more  
No more  
I don't even peak no more  
I think I need one more  
She used to say that she love me  
We don't even speak no more
