

# Ready Aim Riot

## Kittie

The path through life  
Unseen and unheard  
Of babies' breath or less  
Blind to the truth  
Like sheep led to slaughter  
A rose will bring an end to this  
Let them fall behind, let them see  
Vanishing the light  
Destroy the weak  
Learn to think before you speak  
Oww!  
Ready, aim... riot!  
Ready, aim... riot!  
Enslaved like beasts  
By unseen hands  
Your kind will cease to thrive  
To burn like brush  
The flames arise  
Until nothing's left alive  
Let them fall behind, let them see  
Vanishing the light  
Destroy the weak  
Learn to think before you speak  
Ready, aim... riot!  
Ready, aim... riot!  
Destroy the weak  
Learn to think before you speak  
Let's raise the bar  
Rid us of the ones who are...  
Destroy the weak!  
Learn to think before you speak!  
Let's raise the bar!  
Rid us of the ones who are...!  
Ready, aim... riot!  
Ready, aim... riot!  
Ready, aim... riot!  
Ready, aim... riot!
