

Priceless

Melanie Fiona

1st verse:

If I was million miles away
Could you promise that our love would be safe
And if a beautiful girl was in face would you remember
Even remember my name
I need to know right where you stand
Cause I'd give up everything I have
And baby for your love, if thats what it takes to last
Chorus:
I swear for you boy I'd go to extremes
Cause our love is priceless
Our love is priceless
Take my car, take my home, take everything
Cause our love is priceless
Our love is priceless

2nd verse:

If there's ever hurt inside your heart
Better believe that you could run right into these arms
Nowhere could ever be too far
For me to come get ya
Cause nothing can keep us apart
I need to know that you feel the same
Cause I'd sacrafice all that I got today
And baby for your love, I'm down to go all the way
Chorus:
I swear for you boy I'd go to extremes
Cause our love is priceless
Our love is priceless
Take my car, take my home, take everything
Cause our love is priceless
Our love is priceless

Hook:

To the edge of the earth I'd go to
Save you thats what your girl supposed to do
But I need to know that
You would do the same if the tables were reversed baby
Yeah, ain't nothing I can't
Give up in this world for my man
Ain't no use in trying to fight this
Cause this here love is priceless
Chorus:
I swear for you boy I'd go to extremes
Cause our love is priceless
Our love is priceless
Take my car, take my home, take everything

Cause our love is priceless
Our love is priceless
