

# Blicka Blicka

## Rome Fortune

Blicka blicka bow bow  
Sick of niggas bout now.  
This is my intuition  
And it says I shouldn't be pigeon holed  
They said that this shit would be difficult  
To make it I needed a miracle.  
But I didn't, I did it without you  
What chu think I would amount to?  
What chu think I would go pity poutin?  
In the city I would be a legend out of  
Come on think about it  
I got large amounts just waiting on a nigga I'm gon' live astounding.  
And know wassup.  
Can't be governed by the contents or your cup or your blunt!  
Hey baby  
Even faded  
I am seeing a parade of  
All you haters, so don't think you gon' pull a fast one  
Like it's Vegas  
I'm just gon raise the stakes if we still in Vegas  
I'm just gonna be the great pissing on the greatest  
This is where I stand out.  
Ambition put the man down.  
Ambition put my hand down  
On the table  
Who the man now  
Who the man now  
Who the man now  
Ambition put my hand down, I said  
Blicka blicka bow bow  
Blicka blicka bow bow  
Blicka blick blicka bow bow  
Blicka blicka blicka bow bow bowBlicka blicka bow bow  
Blicka blicka bow bowBlicka blicka bow bow  
Sick of niggas bout now.  
This is my intuition  
And it says I shouldn't be pigeon holed  
They said that this shit would be difficult  
To make it I needed a miracle.  
But I did, and I did it without chu  
What chu think I would amount to?What chu think I would amount to?  
Blicka blicka bow bow

Sick of niggas bout now  
This is my intuition and it says  
That "you so different rome."  
So many unread messages I know  
Fuck with my spiritual leave me lone  
Still I'm gettin them digits without you  
What chu think I would amount to?  
A number you can't even count to?  
A house that your ass got boat to  
Got a float if your ass want a Rome view  
And that's what I'm callin a home view?  
Jesus I like that. See me as a that right bad  
That good bad that life that you wishin' you could have  
If I say it then I mean it  
You never would agree it  
The hardest road to take  
Still you waiting on your break.  
I see you!Blicka blicka bow bow  
Blicka blicka bow bowBlicka blick blicka bow bow  
Blicka blicka blicka bow bow bowBoibka blikcka bow bow  
Blicka blicka bow bow
