

# We

## Joy Williams

She's independant and beautiful,  
wish i could be like her.  
she's got the girls and the boys  
so wrapped around her finger.  
Rumor is, she's some kind of dream  
nobody knows she cries herself to sleep.(chorus)  
we are not that different from eachother,  
we just want somebody to discover,  
who we really are when we drop our guard.  
That love has got to start with you and me,  
we...He's on the top of the social scene,  
he's stylish, cool, and clever.  
He's got a cool attitude that screams,  
he's got it all together.  
you'd think he's addicted to himself,  
but he wish he cuold be someone else...  
(chorus)  
we are not that different from eachother,  
we just want somebody to discover,  
who we really are when we drop our guard,  
that love has got to start with you and me,  
We've got to come together,  
oh you know you never ever have to be alone,  
you've got a hand to hold,  
we are not that different from eachother,  
we just want somebody to discover,  
who we really are, when we drop our guard,  
that love has got to start with you and me,  
we... we... oh, oh... and we... and we...  
you and me... we've got to come together...
