

# Following the Angels

Mike Oldfield

In that moment, there was peace  
No one walked alone on the streets  
A migration of dancing light  
Gathering, returning home from the night  
It came falling down  
Following the angels down  
Falling down  
Following the angels down  
As the sun went down over the bridge  
And the music and dance reached its pitch  
Satellites, they joined the world in the games  
Hope was born again, to live in the flame  
They came falling down  
Following the angels down  
Falling down  
Following the angels down  
If I never live to see another day  
I wish that it could always be just that way  
Like a symphony of dancing light  
Banishing the world's woes into the night  
They came falling down  
Following the angels down  
Falling down  
Following the angels down
