

Troubeaux (feat. Nas)

Jennifer Lopez

Does love is a danger price
But I kinda like the thrill
It's like a sugar rush
It's only the way you make me feel
I didn't see you coming
But you broke me down
Cause you got narrow
But you walk up like I know you
Won't hate in your tattoos
One smile and...oh
I gotta admit you're fly
And I love it how you talk babe
Getting all in my mind
Running it like a field play
I didn't see you coming
But you broke me down
Cause you got narrow
But you walk up like I know you
Won't hate in your tattoos
Damn
This is ain't no ordinary boy
This is ain't no ordinary boy
See the funny thing about you
You got me doing things I wouldn't do
You ain't no ordinary boy
You gon' be trouble
You gon' be trouble
You gon' be trouble
I deep down know I, should be good
I am blind
You're the kinda guy that always got all these girls running after you
Do I entertain or play with you
Or just be cool
Cause you got narrow
But you walk up like I know you
Won't hate in your tattoos
One smile and...ohDon't slip
I think I'm about to find
So close
Wrapped up in the heat of it all
I've had the fantasies
Of how it's gonna be

Cause you got narrow
But you walk up like I know you
Won't hate in your tattoos
Damn
This is ain't no ordinary boy
This is ain't no ordinary boy
See the funny thing about you
You got me doing things I wouldn't do
You ain't no ordinary boy
You gon' be trouble
You gon' be trouble
You gon' be trouble This is ain't no ordinary boy
This is ain't no ordinary boy
See the funny thing about you
You got me doing things I wouldn't do
You ain't no ordinary boy
You gon' be trouble
You gon' be trouble
You gon' be trouble
