

# City On Down

## O.A.R.

Well, in the end my friend, we will all be together again  
Clutching onto my hand, in a valley we'll stand, I'm just living again  
In a while we'll smile, march on another mile  
On hallowed hills, attached to the land we'll be still  
No one's ever gonna say a thing  
And we'll be together, together again  
Take it on to the city on down  
Just a while ago my soul was confused, amused at what it did not know  
Days went by, and amusement cried, I decide to let  
My soul fly on by itself, pick happiness up and bring it back to my shelf  
We'll be okay one day, in a valley we will stay  
No more moving on  
I knew it was right here all along  
Won't have to hold your crown, no more looking around  
Just holding ya tight, in the city on down  
Just a while ago my soul was confused, amused at what it did not know  
Days went by and amusement cried  
I decide it's time, got to move on now  
I was so scared  
I was frightened, somewhat enlightened  
So I changed my shoes  
Now I walk through a valley of color, much better than the other  
Way I did not know, now we can be united,  
Miracle, miracle sighted, and I'm pulling it in  
I know by now we can walk together at a regular speed  
Do you dare to be excited, are you aware somewhat delighted?  
Are you aware somewhat delighted?  
At what you did not know  
Take it on to the city on down
