

# Let's Do This Right

## Lyfe Jennings

This one's for my people locked up  
Know we keep you in our prayers  
And ain't forgot about you out here, no  
Call me whenever you feel  
'Cause I know a lot of folks don't keep it real  
I know they got their own life but still  
When you love someone, you let them know  
You don't let them go, it's hard enough being alone  
Missing your family, missing your home  
Whether you're right or wrong, I'll be by your side  
Keeping your hope alive, I know how it feels to cry  
So you ain't alone in your struggle for life to my people  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight  
Some of them for life  
Your kids doing just fine  
The youngest reminds me of you all the time  
He even shoots that ugly jumper from the foul line like you do  
And your girl, she doin' okay  
But don't concern yourself with if she will or won't wait  
You'll just drive yourself crazy with stuff you can't change  
There's better ways to occupy your  
time  
Like opening up your mind, it's a troubling time out here  
Your kids need your guidance even from in there  
And no matter when or where, I won't  
abandon you  
'Cause that ain't what friends do, still got a lot of love  
And I pray to God through my actions, you'll know how much  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight  
Some of them for life  
To all my people who ain't coming home at all  
There's many children who could learn from your experience  
Have a heart get involved  
And for all my people who gonna see the streets one more time  
You got another chance at life  
Count your blessings every night  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight  
Hold up, let's do this right  
First blaze one for all my fellas that ain't here with us tonight
