

Love Me

Lil Tecca

We love you, Tecca Yeah, I know you see the drip and you like it
Wanna text me, but you probably tryna fight it
I know you young, chasing love, tryna find it
Then I saw you at a party, started wildin' Hope you know I want you, so do you want me?
If I said I love you, would you love me?
I could never dub you, but can you dub me?
I'dont wanna fall in love, I'dont think it's for me
Hope you know I want you, so do you want me?
If I said I love you, would you love me?
I could never dub you, but can you dub me?
I'dont wanna fall in love, I'dont think it's for me
I ain't no regular nigga
When we pull up the the party, man, the party get bigger
And she fuckin' with Lil Tecca 'cause she know I'm a winner
I pray to God everyday, but I know I'm a sinner
More money, more problems, and the bitches get thicker
Deep throw, shootin' like a free throw
Shawty, she a freak hoe, that's my line
Yeah, I'm on a shawty right now, I know you mine now
But I ain't tryna waste no time
She know I'm too wavy
Yeah, I'm that nigga, you cannot replace me
As soon as I met you, you said you wan' date me
I can't say I'm loyal, for you? Baby, maybe
These niggas they hate me 'cause they know they ain't me
So much hoes around me, I'm getting so lazy
I fuck with you, baby, as long as you make me
Sooner or later, I'll make you my baby
Sooner or later, I'll make you my baby
Yeah, I know you see the drip and you like it
Wanna text me, but you probably tryna fight it
I know you young, chasing love, tryna find it
Then I saw you at a party, started wildin' Hope you know I want you, so do you want me?
If I said I love you, would you love me?
I could never dub you, but can you dub me?
I'dont wanna fall in love, I'dont think it's for me
Hope you know I want you, so do you want me?
If I said I love you, would you love me?
I could never dub you, but can you dub me?
I'dont wanna fall in love, I'on think it's for me I'dont think it's for me
I'dont think it's for me
I'dont think it's for me

I dont think it's for me
