

# Open Up

## Gallant

If I'm drownin' won't you take me to the waterfall?  
Lay stones in front of those banks  
And keep me underwater till' I'm breathin'  
Throw me in the fire till I'm frozen  
Teach me till' I don't know what I'm doin' Why don't we open up sometime?  
Sell me that gold in your veins  
I want your fortress next to mine  
Every nightmare on your plate  
Can I trust that you won't mind  
My sanity slippin' away  
Ooh baby, why don't we open up? If you're thirsty, let me lead you to the Maranjab  
Plant trees in spite of those rays  
And leave you in the sun until you're soakin'  
Throw you in the fire till\$ you're frozen  
Teach you till' you don't know what u do  
Why don't we open up sometime?  
Sell me that gold in your veins  
I want your fortress next to mine  
Every nightmare on your plate  
Can I trust that you won't mind  
My sanity slippin' away  
Ooh baby, why don't we open up?  
Let's be the last ones  
Why don't we open up sometime?  
My sanity slippin' away
