Ladysmith Black Mambazo

Hello My Baby
Hey baby
Hey beautiful girl
Hey baby hey
Sing hey baby hey
Hey baby hey hey
Hey beautiful girl
Come along, come along
To kiss me
Before I'm going
Come along
Come along
To kiss me
Before I'm going
Don't you kiss me nice nice
Before I'm going
Don't you kiss me nice nice
Before I'm going
Come along
Come along
Come along
You you you
Don't you meditate
I sent a messenger to tell you that
I want to meet you at the station
Come along, come along, to kiss me before I'm going
Come along come along
To kiss me before I'm going
Don't you kiss me nice, nice
Come along
Come along
Come along
You you you
Hello my baby
Hello my baby
Hello my sweet
Hello my baby
Hello my sweetheart
Don't you meditate
Don't you meditate
I send a messenger to tell you that I want to meet you

In a station
