Hello My Baby  
Hey baby  
Hey beautiful girl  
Hey baby hey  
Sing hey baby hey  
Hey baby hey hey  
Hey beautiful girl  
Come along, come along  
To kiss me  
Before I'm going  
Come along  
Come along  
To kiss me  
Before I'm going  
Don't you kiss me nice nice  
Before I'm going  
Don't you kiss me nice nice  
Before I'm going  
Come along  
Come along  
Come along  
You you you  
Don't you meditate  
I sent a messenger to tell you that  
I want to meet you at the station  
Come along, come along, to kiss me before I'm going  
Come along come along  
To kiss me before I'm going  
Don't you kiss me nice, nice  
Come along  
Come along  
Come along  
You you you  
Hello my baby  
Hello my baby  
Hello my sweet  
Hello my baby  
Hello my sweetheart  
Don't you meditate  
Don't you meditate  
I send a messenger to tell you that I want to meet you
