Absolutely Nothing's Changed

Tina Turner

Absolutely nothing's changed
This is my heart talking
It's time to face reality
This spell I'm under can't last much longer
Any fool can see
You come here with your promises
But I remember all the lies
I bought the laughter happy ever after
How could I be so blind so blind
Chorus
'cause absolutely nothing's changed
You play with my emotions
I'll live to fight another day
I m bruised but I ain t broken I ain't broken
Now you say you're sorry

You wanna make up I just gotta wake up
It's the same old you

For everything you put me through

The same old you Chorus

'cause absolutely nothing's changed

You play with my emotions I'll live to fight another day

I'm bruised but I ain't broken ain't broken

Ooh I've been dreaming but it's over now bad dreams are over now I'm gonna rise up rise above all the troubles and tears I'm down but I ain't out Play with my emotions I maybe bruised I ain't broken

'cause absolutely nothing's changed

At last my eyes are open

I'm gonna live to fight another day

I maybe bruised but I ain t broken ain't broken

'cause absolutely nothing's changed

Absolutely nothing

I'll live to fight another day

I maybe bruised but I ain t broken

'cause absolutely nothing's changed

Abolutely nothing

I'm gonna live to fight another day I maybe bruised but I ain t broken 'cause absolutely nothing's changed
