

Switch (feat. ShySpeaks)

Lecrae & Zaytoven

Switch, switch, switch, switch up
Switch, switch, switch, switch up
I was a worker had to upgrade to a boss
(I had to switch it up)
Used to live in the hood but had to upgrade to a loft
(I had to switch it up)
Switch, switch, switch, switch up
Switch, switch, switch, switch up
Skipped on the benz, and went and invested the ends
(I had to switch it up)
Broke up with my ex, still ended up with a 10
(I had to switch it up)
I had to switch it up
I had to mix it up
I was on pills and potions
I had to give it up
I was just workin for cost
I had to turn to a boss
Put all of my friends in position
Told em don't tear down mall
I told em to tear down the wall
Told em to study the law
Ten commandments, constitution
Told em to study it all
You gonna need it boy
This industry greedy
Pray for me keep interceding
I had to switch from telling the world to showing the world
I really believe it
Got probation had to switch the scheme
Hit you with the plea
Locked my brother up and hid the key ain't no gettin me
Doctor King with the pinky ring
Pull up on the scene
With some 4's and a time machine
Now Im switching lanes
Switch, switch, switch, switch up
Switch, switch, switch, switch up
I was a worker had to upgrade to a boss
(I had to switch it up)
Used to live in the hood but had to upgrade to a loft
(I had to switch it up)

Switch, switch, switch, switch up
Switch, switch, switch, switch up
Skipped on the benz, and went and invested the ends
(I had to switch it up)
Broke up with my ex, still ended up with a 10
(I had to switch it up)[Verse: ShySpeaks]
I was born at the bottom
Had to work to survive
If you thinking I'm soft, where?
Can't affect my hard drive
I had a ex who was O,
'Cause I hate to call em with zero
But I had to watch what I marvel at
And go and get me a hero
Mind loading
Mind renewing
Download upgrade I had to reboot but I was doing
Me and my old self we had to switch place
I had to clear my memory now Im loving this space
Was tryna get on the job
But now I own the job
I start telling the squad watch me trust in my God you alive ooh
But I had to reload like troops
New frames new aims
Came with the change brought to the game ooh
Now I'm switchin lanes Switch, switch, switch, switch up
Switch, switch, switch, switch up
I was a worker had to upgrade to a boss
(I had to switch it up)
Used to live in the hood but had to upgrade to a loft
(I had to switch it up)
Switch, switch, switch, switch up
Switch, switch, switch, switch up
Skipped on the benz, and went and invested the ends
(I had to switch it up)
Broke up with my ex, still ended up with a 10
(I had to switch it up)
Switch it up, switch it up
Switch it up, switch it up
Switch it up, switch it up
Switch it up, switch it up
Dropped this game but only the people who get it gon pick it up
(Pick it up, pick it up)
I can't even roll with fools
'Cause they like to roll the shoe
My kinfolk was wreckless I hopped in this whip
And they told me to hold the tool
I told em pullover fool
You riding dirty with a stick

You sippin dirty with a chick
And you just met her at the strip
See I don't worry about a snitch
Cause I don't be up in the mix
I told my partners I'm gon switch
And find another way to get it
I'm sick of seeing mommas crying
Put the house up for the fines
Bond em out a couple times
Got the lawyers on the line
Said he's looking at some time
Nah switch it up gave it to God
After that gave him a job
Now I created a squad
We out here changing the block
SwitchSwitch, switch, switch, switch up
Switch, switch, switch, switch up
I was a worker had to upgrade to a boss
(I had to switch it up)
Used to live in the hood but had to upgrade to a loft
(I had to switch it up)
Switch, switch, switch, switch up
Switch, switch, switch, switch up
Skipped on the benz, and went and invested the ends
(I had to switch it up)
Broke up with my ex, still ended up with a 10
(I had to switch it up)
