

Come On Come On

Jet

Got my hands in your pockets, I'll take what I need
Heavy feet I've been walking, 'cos nothing is free
It's the end of the day, I don't hear what you say at all
Got a mouthful of concrete, in every meal
Got a fistful of nothing, 'cos nothing is real
It's the end of the day I don't know how to feel at all
Hey man
You gotta understand
I got the world in my two hands
Hey man
Never goin' back, never going back
No shame
Blood in my veins
I got one life and it wont change
Hey man
Never going back, never going back
Come on come on
Let it out everyone
Let the sunshine down on me
Come on come on
Let it out everyone
Let the sunshine down on me
Now I am a young man I see cracks in the steel
If they ask you to stand, well they just want you to kneel
If you don't know what you want then you just have to take it all
Hey man
You gotta understand
I got the world in my two hands
Hey man
Never goin' back, never going back
Come on come on
Let it out everyone
Let the sunshine down on me
Come on come on
Let it out everyone
Let the sunshine down on me
People say the rain has come falling down
Everyone was talking
Talking out the side of their mouths
Come on come on
Let it out everyone
Let the sunshine down on me
Come on come on
Let it out everyone
Let the sunshine down on me
