Fall

Jonas Brothers

On the edge of something real
I have a choice, but I don't know what to feel
Getting tired of all this fear
Before I choose, let me know that you'll be here
Let me know that you'll be hereCause I'm not afraid to fall
If you're the one who catches me

Tell me that you'll be there when I'm

About to lose it all

Cause you're the one who helps me see

That sometimes it's ok to fallWhen I'm far away from where you are

It's ok, cause we're under the same stars

I'm laying down this heavy load

Maybe now I can finally let this go

I can finally let you know

But I'm not afraid to fall

If you're the one who catches me

Tell me that you'll be there when I'm

About to lose it all

Cause you're the one who helps me see

That sometimes it's okTo fall Oh Oh

To fall Oh Oh

To fall Oh oh

To fall

To fall Oh Oh

To fall Oh Oh

To fall Oh Oh

To fall

Not afraid to fall

If you're the one who catches me

Tell me that you'll be there when I'm

About to lose it all

Cause you're the one who helps me see

That sometimes it's ok to fallOh Oh Oh (Cause I'm not afraid to fall)

Fall Oh Oh (if you're the one who catches me)

Sometimes it's ok to fallWhen I'm about to lose it all

You're the one who helps me see

That sometimes it's ok

It will be okay

Sometimes it's ok, to fallI'm gonna fall
