

God's Sure Good

Dr. John

God's been good to me
better than me to myself
saved my soul when it was all I had to sell
taught me a lesson
brought me a blessing
God don't be guessing
He sure don't
He shows me how
to live and let live
I'm so thankful
the breath of life He gives
a better way, a better day
God knows I'm okay
God's sure good
God's sure good
God's sure good
God's sure good
Someone I listen to
His still small voice
I believe I made
the perfect choice
sure to every lesson
bring a blessing
God that we confessing
he sure loves to
Show me how
to live and let live
and I'm so thankful
the breath of life He gives
a better way, a better day
God knows I'm okay
God's sure good
God's sure good
God's sure good
God's sure good
God's been good to me
better than me to myself
picked me up, opened the gates of hell
made me well, taught me a lesson
brought me blessing
God don't be resting
He showed me how

to live and let live.
and I'm so thankful
the breath of life He give
a better way, a better day
God knows I'm okay

Mmmm

God's sure good

God's sure good

God's sure good

God's sure good

Mmmm

When time was so hard
I could lean up upon my God
but God's so good to me
God's so good to me
my sweet Lord
take me away

I wanna thank you God
