Sonic Youth

Long ago And oh so far away I fell in love with you Before the second showYour guitar It sounds so sweet and clear But you're not really there It's just the radioDon't you remember you told me you love me baby? You said you'd be coming back this way again baby Baby baby baby, oh baby I love you, I really do Loneliness Is such a sad affair And I can hardly wait To be with you againWhat to say To make you come again Come back to me again And play your sad guitarDon't you remember you told me you love me baby? You said you'd be coming back this way again baby Baby baby baby, oh baby I love you, I really do Don't you remember you told me you love me baby? You said you'd be coming back this way again baby
