

# Red Snow

G Herbo

[Verse 1]Look... (C-sick, C-sick, C-sick, C-sick)  
I know I rap a lot 'bout being dead or dead broke  
But my city starving, this the goal that just the way it go  
They still at robbin', live in Harlens, never hit they target  
The summers' long and winters harsh cause we got red snow (red snow)[Hook]  
Red snow (red snow), Red snow (red snow)  
The summers' long and winters harsh cause we got red snow (red snow)  
Red snow (red snow), Red snow (red snow)  
Red snow (red snow), look, red snow
