

Everybody Is Crazy

Amen Dunes

Ain't looking for a neighbour
Ain't looking for a friend of mine
Silly body everyone knows
Comes easy but
Tell you one thing
Everybody's crazy
Crazy to say I love you
Thought I'd talk you down easy
Thought I'd have you sing a part of mine
Silly funny everyone knows
Comes easy but
Tell you one thing
Every time you make a run
You turn up the light on you
Comes easy but
Tell you one thing
Everybody is crazy
Crazy to say I love you
