

Shine

Leon Bridges

Lord, don't remember my sins
My sins from my youth
Don't remember my sins
And father, please elude my transgressions
Let them blow in the wind like sand
Cause all of my deeds, you know them Use me as your vessel
I want to shine like the candle
Shine like the burning candle in the room
Lord, don't remember, ooh, don't remember
And father, please elude my transgressions
Let them blow in the wind like sand
Cause all of my deeds, you know them
Use me as your vessel
I want to shine (shine) like the candle
Shine like the burning candle in the room
Don't remember me as a [?] man walking
I don't wanna be like the Israel children Lord, don't remember, ooh, don't remember
My sins from my youth
