If You Don't Want My Love

JD Souther

If you don't want my love then the road goes on without you Leave me just enough and I'll make a little song about you I could be standing in the rain but my heart won't break in two Not over you If you don't my love then there's nothing I can do If you don't my love I'll be packing up my suitcase And no matter what you say I'm gonna find myself a new place I could be gone without as trace But still my love is a true I'm a fool for you If you don't my love then there's nothing I can do If you don't want my love if you don't want my love If you don't my love then there's nothing I can do You know my heart would be slowly breaking That old feeling comes and goes I'd rather die than to live without you But things can change you know If you don't want my love then the road goes on without you Leave me just enough and I'll make a little song about you I could be standing in the rain but my heart won't break in two Not over you If you don't my love then there's nothing I can do If you don't want my love if you don't want my love If you don't my love then there's nothing I can do I use to love you love a million bucks I guess I'll always be a fool in love If you don't want my love well bye bye Song Discussions is protected by U.S. Patent 9401941.
