

Sweet

Little Dragon

Sweet
That feeling when you know you're hooked and you can't get enough
Sweet
That feeling when you're skating down the Avenue in love
Sweet
I was checking on your phone because this sweetness is drugs
Sweet
Can't get enough
Not giving up
Sweet
That feeling when you know your numb but can't fight the rush
Sweet
That feeling when you fooled so good but won't admit the bluff
Sweet
Always checking on your back because this candy gives me luck
Sweet
Can't get enough
Candy over flowing
My love sugar coated
I can't resist this high taste
I can't resist his sweet praise, no, no
Wrapped up in a sugar rush
Sugar rush
Wrapped up in a sugar rush
Sugar rush
The more the mystery the more I get compelled
Sweet
The taste of victory so sweet oh I can't help it
Always checking on my back because this candy gives me luck
Sweet
Can't get enough
Not giving up
Sweet
That feeling when know you're hooked and you can't get enough
Sweet
That feeling when your faded down the Avenue in love
Sweet
Always checking on my pulse because the body is a drug
Sweet
Can't get enough
Candy overflowing
My love sugar coated
I can't resist this high taste
I can't resist his sweet praise, no, no
Caramel delight
(Caramel delight, I can't deny your love)
Make my body fly
(Sugar coated can't deny your love)
I'm a junkie for you

(Caramel delight, I can't deny your love)
Skating down the Avenue, Avenue Wrapped-up in a sugar rush, sugar rush Sweet Sweet
