

Leisure Suite

Feist

(In my leisure suite)
Quit talking
Just talking
Please(In my leisure suite)
Sometimes
I feel the room surround me
With possibilityBuild fires to stoke them
Let's fix what's been broken
Words have been stolen
But silence is golden
(In my leisure suite)
Just a place to meet
We can press repeat
And do what we do when we're thereDon't come knocking
This doors for locking
Have you got the key(In my leisure suite)
Hang up your jacket
Undo my back zip
PleaseMoonlight on blanket
It's great when your backlit
Features in close-up
The moment we woke up
(In my leisure suite)
Just a place to meet
We can press repeat
And do what we do when we're there
(In our leisure suite)
Come lie next to me
We can be complete
And do what we do when we're there
