

Scapegoat

Sevendust

I for one will say i haven't seen it
all i know a second chance for me was long
so change is still to think about the world i took
that brought me here (WHO AM I) suppose to be I breath
I bleed
am here to show you all my mistake
(ITS RIGHT HERE BESIDE YOU)lie next to me and you'll see am the scapegoat am here
to tell you that this life's not for free look at me am the
scapegoat what will you do about it
find another way to look at life and understand that
(I CANT STOP) whats suppose to be but i can show
you what it will take (IF YOU WOULD SHUT UP AND LISTEN)lie next to me and you'll see
am the scapegoat am
here to tell you that this life's not for free look at me
am the scapegoat what will you do about it (LIE)
(SCAPEGOAT)lie next to me and you'll see am the scapegoat
am here to tell you that this life's not for free look
at me am the scapegoat what will you do about it.
