

# Hey Now

## Augustana

Sky black and blue  
Blue turn to red  
There's quiet in the streets now  
But it's screaming in your head I ain't a fool  
But I've got my doubts  
Say it doesn't hurt  
It doesn't matter anyhow, anyhow... Saying, hey, you're just bleeding for nothing  
It's hard to breathe when you're standing on your own  
We'll kill ourself to find freedom  
You'll kill yourself to find anything at all So lock all the doors  
And put your child to rest  
it's quiet in the streets now  
But it's crying in your head  
We're passing the time  
We're breaking apart  
We're damned at the end  
And we're damned at the start Blame it on the roses  
Blame it on the red  
We're running out of time  
And I'm running out of breath Saying, hey now, we're bleeding for nothing  
It's hard to breathe when you're standing on your own  
We'll kill ourself to find freedom  
You'll kill yourself to find anything You say good-bye  
Every day and night  
With writing on the walls  
Everybody's gonna need somebody  
To take our troubles, and our worries, and our problems all away  
'Cause, hey you're just bleeding for nothing  
It's hard to breathe when you're standing on your own  
We'll kill ourself to find freedom  
You'll kill yourself to find anything at all Hey now we're bleeding for nothing  
It's hard to breathe when you're standing on your own  
We'll kill ourselves to find freedom  
You'll kill yourself to find anything Hey now, hey now, hey now  
We say goodbye, every day and night  
We write it on the walls  
Well, everybody's gonna need somebody  
To take our troubles and our worries  
And our problems all away Hey now, hey now, hey now, right now...  
Hey now, hey now, hey now, right now...  
Hey now, hey now, hey now, right now...  
Hey now, hey now, hey now
