

Popular (feat. Lil' Twist)

Lil Wayne

Yeah She got that good, good
She Michael Jackson bad
I'm attracted to her
With her attractive ass
She got that good, good
She Michael Jackson bad
I'm attracted to her Uh, she a monster, I'm her sponsor
She run through my head, Chris Johnson
I'mma tackle her, get in back of her
Buss it open, suck that pussy like the Dracula
What your man doing? Tell him fall back
Throw that pussy at me, baseball bat
I kiss her where she point
I make her lose her voice
I see her when I want, call that viewers choice
Number 1 lover, she want none other
Don't need another one when we got one another
I take her out, then I take her down
I beat it up, twelve rounds
She-she got that good, good
She got that, got that good
She got, she got that, got that
She-she got that good, good
She Michael Jackson bad

With her attractive ass Okay I'm watching you baby
And thinking about all of the things that I can do baby
On top of the world
