

# Animal

## R.I.O.

She s an animal, whoa, a part animal, whoa  
Like an animal, on the dance floor  
Silent murderer, haunting after you  
She s untamable, but you never know  
Make one move, she now out of control  
Come on danger girl, let me volunteer  
I m all bulletproof, let s get out of here  
Shawty you re the one, but incognito  
Kill the lights, let s get loose on the floor  
She s the lady I wanna know Kind of chick, out of control  
She s a diva and she knows why the club goes wild  
She s an animal, whoa,  
She s the lady, I wanna know  
Kind of chick, out of control  
She s a diva and she knows why the club goes wild  
She s an animal, whoa,  
Party animal, whoa, party animal  
I got a rocket full of love, most crazy  
Way you move that ass, baby not too fast  
Could feel my blast, i'm gonna loose, i'm gonna loose  
A party animal, I make you move She s creeping in, through your back door  
Silent killer queen, looking out for you  
She s invincible, never let your go  
Cause tonight she ll be out on patrol  
Come on danger girl, let me volunteer  
I m all bulletproof, let s get out of here  
Shawty you re the one, but invognito  
Still the night, let s get loose, give me more Party animal, whoa, come party animal, whoa  
She s the lady, I wanna know  
Kind of chick, out of control  
She s a diva and she knows why the club goes wild  
She s an animal, whoa,  
Yes you are, party animal star, way you move in them spot lights  
Turns me on  
You gonna faze me? go on and chase me  
Got a rocket full of love and it's no tasty  
Yeah it s no grind, gonna make your body a kryptonite  
I raise the turn, I load the gun, party animal, whoa,  
Let s go She s a diva and she knows why the club goes wild  
She s an animal, whoa,  
She s the lady, I wanna know  
Kind of chick, out of control

She s a diva and she knows why the club goes wild  
She s an animal, whoa.
