

# She and I

## Alabama

She and I live in our own little world  
Don't worry about the world outside  
She and I agree, she and I lead a perfectly normal life  
Ah but just because we aren't often seen socially  
People think we've something to hide  
But all our friends know we're just a little old fashioned  
She and I Oh ain't it great, aint it fine  
To have a lover someone that others can't find  
Ain't it wonderful to know, all we ever need is just the two of us  
She and I, so wonderful, she and I Ah she and I share with every body else  
The same wants, needs and desires  
Ah she and I save, she and I pay on everything we acquire  
Ah but just because we aren't often seen separately  
People think we live one life  
Its hard for them to see how anyone could be  
As close as she and I Oh ain't it great, well aint it fine  
To have a lover someone that others can't find  
Ain't it wonderful to know, all we ever need is just the two of us  
She and I She and I live in our own little world  
Ain't it wonderful  
She and I live in our own little world  
Ain't it wonderful  
Ain't it fine fine fine  
Ain't it wonderful  
So wonderful  
[Incomprehensible]  
She and I are so wonderful  
Ah she and I live in our own little world, yeah yeah  
Ain't it great, ain't it fine, so wonderful  
She and I
