## **Sleeping Lessons**

## **The Shins**

Go without 'til the need seeps in
You low animal, collect your novel petals for the stem
And glow, glow, melt and flow, eviscerate your fragile frame
Spill it out on the ragged floor, a thousand different versions of yourselfAnd if the old guard still offend

They've got nothing left on which you depend
So enlist every ounce of your bright blood and off with their heads
Jump from the hook, you're not obliged to swallow anything you despiseSee, those unrepenting buzzards want your life
And they got no right
As sure as you have eyes

They've got no rightJust put yourself in my new shoes and see that I do what I do
Because the old guard still offends (their pudgy hearts and slimy hands)

They've got nothing left on which we depend
So enlist every ounce of your bright blood and off with their heads
Jump from the hook, you're not obliged to swallow anything you despise

That you despise
You despise
