

My First Love (feat. KeKe Wyatt)

Avant

Silhouette of a perfect frame
Shadows of your smile, will always remain (always remain)
Beginners love, soon fades away ah baby
We go on, I will always long as I live (long as I live)
you will be
my first love (ah baby, you and only)
long as i live (long as I live)
you will be my first love
and i choose you again. I'll keep an old candy-coated, valentine
Memories of you, you when you were mine
A tarnished ring, on a tarnished chain
Times keep changing
Come sun or rain
Long as I live (long as I live)
you will be
my first love (and my only love)
long as i live (long as I live)
you will be my first love
and i choose you again. See as long as i live
long as i live
I like it baby, sing to me
oh you'll always be my first love
you'll be mine and I'll choose you again. A tarnished ring
on a tarnished chain oh
times keep changing,
come sun or rain
Long as I live (long as I live)
you will be
my first love (and my only love)
long as i live (long as I live)
you will be my first love
and i choose you again. Long as i live baby
you will always be
(Avant)
I'll always love you baby,
my first love
for the rest of my life
you will always be
my, oh lady
oh babe
