

Flyin

Thouxanbanfauni

[Intro]

Vroom vroooooom[Hook]
Living life like a sniper
Baby I'm on a mission
All black my arrow
But the purple get mixed in
Mystery my denim
Just to have pills hidden
You niggas so pussy
My lil' baby's such a kitten
Who the fuck is you testin'
Who the fuck is you kiddin'
Hell know I'm forsaken
Heaven know I'm forbidden
Young but I'm shinin'
She love to see me grinnin'
Fall in love you flyin'
You best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'
Best believe I'm flyin'

[Verse]

Vroom on that engine
Keep a tech fuck a technician
She run from me she flinchin'
I fuck her twice she flinchin'
Quit with all that foldin'
Quit with all that bitchin'
You just wanna be noticed
You just wanna be mentioned
Scope automatic focus
Run up get pinched in
Say you don't even fuck with me
Well why you ridin my dick then
These girls get dicked down
Don't kick rocks don't kick shit
Bitch love my denim
My knockers my britches

Hoes all in my kitchen
Cuttin shit like Kenshin
Say you don't even fuck with me
Why you all on my dick then
Don't wanna be friends now
They don't wanna be friends then
My whole team dependin'
And I got money pendin'
Quit with all that fake shit
Quit with all that pretendin'
Say you don't even fuck with me
Why you ridin' my dick then
Why you ridin' my dick then
Why you ridin' my dick then
Why you ridin' my dick then
Why you ridin' my dick then
